

Teething Chart

Keep track of the appearance of your baby's teeth!

Simply colour the tooth as it comes out and mark the date and baby's age, for a record that you can treasure for years to come.

Name:

My first teeth appeared on these dates:

TOOTH	LEFT (date/age)	RIGHT (date/age)
1. Central Incisor		
2. Lateral Incisor		
3. Cuspid		
4. First Molar		
5. Second Molar		
6. First Permanent Molar		

Teething tips

The following measures can help ease the pain of teething:

- Extra cuddles
- Rubbing gums
- Teething ring
- Teething biscuits
- Cold foods
- Bonjela Teething Gel

Bonjela Teething Gel has been specially formulated to bring effective, soothing relief from teething pains. Gently massage a dab of gel onto the gum.

It's suitable for babies from 2 months old, and is banana flavoured and sugar-free. Exactly what you'd expect from Britain's best selling teething brand.

Always read the label.
